C.G. TEMPINI MARISA.

Dear, Marisa,

How are you, I hope you are fine and happy. It has really been long since I last wrote a letter to you but am glad that we are still alive.

At school we have been busy throughout the last semester as we were winding up the last semester and academic year. It has really been an involving journey and am so happy that for the first time we were involved in a number of community based activities, where we sensitized the community about their health and life concerns and also gave them several counselling sessions to help them embrace their lives and society, I was moved indeed.

I would like to conclude by sending you greetings from here at home and we love you very much. I wish you the best in all hard work and your country. Thanks alot

Yours faithfully,
KATEHDE GEORGE
